

Van Why Escapes Jail; Returns Voluntarily

MILFORD—Thirteen-year-old James Van Why of nearby Lehigh Township, quietly sat in a new cell at the Pike County Prison yesterday afternoon—fitting together the pieces of a jig-saw puzzle.

Meanwhile, authorities were seeking to solve the greater puzzle of how the young murder suspect was able to plan so successful a bid for freedom Saturday morning.

State Police said Van Why escaped from the jail at 2 a. m. Saturday and spent the next few hours cruising the streets in a stolen car loaded with guns, ammunition and food. At 8 a. m., he surrendered meekly to troopers at the Milford Substation.

"I was afraid I'd get shot," the former seventh grade student at East Stroudsburg Junior High School informed State Police, when asked to explain why he voluntarily gave himself up.

The boy's escape was discovered just 45 minutes before he surrendered. Authorities immediately sealed all main arteries in the area, and the search began.

However, Van Why was back in jail last night, awaiting probable indictment on a general murder charge by the Pike County grand jury sometime this week. The panel convenes today.

The youngster is accused of fatally shooting Edward W. Ebele, 48, of Dingmans Ferry, on April 30. He also is charged with critically wounding the victim's wife, Margaret, 45. Mrs. Ebele was discharged from St. Francis Hospital in Port Jervis on Saturday.

If indicted, authorities have divulged, Van Why will be given an examination by a psychiatrist. District Attorney Clifton A. Cloud has said the boy has shown "no remorse" about the shooting.

"It is as if he shot a bird or animal," the district attorney commented.

Meanwhile, Mrs. Robert Kurtz, wife of Pike's chief deputy sheriff, disclosed yesterday that Van Why was placed in another cell after being returned to the jail Saturday.

Soviet Chiefs Ease Policies On Subjects

NEW YORK, May 20 (AP)—The trend of Soviet internal policy these days indicates the Soviet regime is subjecting itself to a "liberalization" which could have far-reaching effects.

News of what the Soviet government is doing inside its own country comes to the West in bits and pieces. When these are fitted together to see the overall trend, two general conclusions seem justified. They are:

1. The Soviet leadership remains committed to an enormous economic buildup and its aim of overtaking the United States and creating an ultimately all-Communist world.

2. The Kremlin chiefs, in order to get wider support from Soviet citizens for these goals, have embarked on a program of concessions to the public.

Concessions

Here are some concessions to the Soviet public since the beginning of this year:

1. Condemnation of terror. In addition to previous steps since Stalin's death to discredit and relax police terror, Nikita Khrushchev denounced this phase of Stalin's activity at the 20th party Congress in February. His pronouncements were made known to much of the public through Communist party channels. Since then evidence has piled up of release of some of these imprisoned who have survived and rehabilitation of the memory of some of those liquidated.

2. Concessions to labor. The Soviet government has taken steps to give a better deal to non-farm workers. A 40-hour week has been promised in the next several years. The work week already has been cut from 48 hours to 46.

3. Women. The Soviet government this year has taken two measures affecting women. The first provides increased maternity leave for pregnant women—112 days with full pay instead of 77 as previously. The second legalizes abortions under proper medical conditions. Since the mid 1930s abortions had been against the law.

4. Reduction of armed forces. The Soviet government has proclaimed its intention to reduce its armed forces by 1,200,000 men.

5. Education and science. The Soviet government has reasserted its intention to expand rapidly the educational system of the country and introduce as soon as possible universal, free and compulsory 16-year primary and secondary education. Higher educational facilities are being expanded.

6. Travel abroad. Last year for the first time the Soviet government permitted some small groups of Soviet tourists to go abroad. This year the relaxation of Stalin's rule of no travel in foreign lands, except on government business, has been relaxed further. But it is still a far cry from real freedom of travel.

Principal Address

HARRISBURG, May 20 (AP)—U. S. Sen. Albert M. Gore (D-Tenn.) will deliver the principal address at the state Democratic party's \$100-a-plate fund raising dinner in Harrisburg on Wednesday.

"Stop feeding it that plant food I got in the Record Classified Ads."

"We know he's safe," she added. Authorities reported that the chief deputy and his wife were asleep in their second floor quarters when the youthful suspect made his escape Saturday morning.

Piece Of Steel

The boy used a cross-piece from his bed to break the lock on the door of the juvenile ward, located on the ground floor, State Police said. He then tore apart a length of wire mesh screening hacked through a three-inch wooden door with the steel crosspiece, and walked out to freedom about 2 a. m.

Troopers said Van Why walked around town until he found a car, owned by David Hissam of Milford. Troopers quoted the boy as saying he drove the Hissam auto to the Pike County Lumber Co. hardware store in Milford and broke into the building.

Van Why left with 14 guns, six knives and several thousand rounds of ammunition, valued at an estimated \$2,000, State Police said.

From there the youth drove to the west side of Milford where he allegedly broke into a cabin owned by Edward Walker, troopers said. He left with canned foods.

Then young Van Why went to a wooded section of the county where he hid away some time target shooting. It was because Ebele reportedly shot and killed April 30.

At 7:15 a. m. the chief deputy Sheriff discovered that Van Why was missing and immediately notified authorities, who closed all highway arteries. A half-hour later, Hissam called State Police to report his car had been stolen.

It was just a few minutes later that Sgt. Edgar Stine noticed a strange car pull into the Milford Substation. The trooper immediately recognized Van Why, and set out to grab him in the parking area.

"I'm awfully scared and want to give myself up," said the young murder suspect, as Stine quickly slapped handcuffs on him.

Troopers said the boy had left the firearms in the car when he surrendered. However, Sgt. Stine said three rifles and as many pistols in the auto were loaded.

Authorities said the boy at first appeared content to read travel books and comics after he was arrested April 30. But he apparently became discontent about 12 days ago.

At that time, authorities said, the boy made an unsuccessful attempt to pick the lock on his cell door with a piece of wire. That attempt failed, and since then officials have made daily checks in his cell. But nothing out of place was discovered.

Committees Crack Down On Military

WASHINGTON, May 20 (AP)—Two House committees have cracked down on the military for what they call the "unpardonable misuse" of congressional reports to "evade giving out legitimate information" to the public.

The unusual action came to light today in an exchange of correspondence between Rep. Moss (D-Calif.), chairman of the House Freedom of Information Committee, and Rep. Mahon (D-Tex.), chairman of the Defense Appropriations subcommittee.

Reply

Moss, in reply to questions, said the defense establishment had attempted to use a committee report accompanying last year's appropriation bill "as a convenient screen to hide behind" in handling information.

Two-Year-Old Found Gagged

PHILADELPHIA, May 20 (AP)—A two-year-old girl was found bound and gagged in a vacant Philadelphia house today and was returned to her mother, police reported.

Police said the girl, Weder Alexander, was unharmed. She was returned after the mother, Mrs. Nettie Alexander, went to police to report her missing.

FIVE CENTS

United States Explodes First Air-Drop H-Bomb At Bikini

Depot Attracts Huge Weekend Crowd

MORE THAN 25,000 area residents swarmed through the gates of Tobyhanna Signal Depot over the weekend.

They were helping the Depot celebrate "Armed Forces Week." And — to help the crowd celebrate — the Depot provided a ground and air show unparalleled in the history of Monroe County.

In the air there were groups of F-84F Thunderstreak jet fighters. They were provided by the Pennsylvania Air National Guard from International Airport in Philadelphia.

Another important part of the aerial display were the Navy bombers which swooped low over the main buildings at the Depot during the two-day celebration.

There was even a "hook-up" between the ground and the air — and a visual one, to boot. This was the world premiere of the Signal Corps' lightweight new portable television transmission system — "The Creepie Peepie" — light enough to be carried like a knapsack on a man's back, maneuverable and powerful enough to transmit its signal to the ground from a plane flying overhead.

Viewers watched the "Creepie Peepie" performance on special monitor screens set up below. It was a highlight of the whole show, Depot officials said.

Throughout both days, large clusters of people stood in a ring around the towering shape of the Air Force's up-to-date version of the "Matador," a near-sonic tactical missile capable of carrying an atomic explosive warhead.

Inside the administration building thousands of persons roamed leisurely through the long, cool hallways and strolled easily up and down the wide slanted ramps which take the place of stairways in the four-wing structure. In this building dozens of scale model exhibits showing the work of the Signal Corps has been set up.

Included in this group were the electronically controlled

"countermortar" exhibit, the display model of "Moon Radar" and devices showing the working of radar detection systems. All of these had been seen previously in the Stroudsburg during the giant "Tobyhanna Days" exhibition.

Also on display were "an-

cient" models of Signal-type equipment — German HQ phones (World War One vintage), "captured" equipment brought back from Asian conflicts, a relic-style telegraph sending set with dual keys (one for dots, the

other for dashes) which had proved unfeasible. Reserve units from the Army, Air Force, Navy and Marines had set up their own displays and these drew their share of the viewers.

One of the biggest attractions

PLANE AND FANCY. Peak performance at weekend Armed Forces Week open house at Tobyhanna Signal Depot was delivered by Navy bombers flying low over "Number 11"—the huge, four-wing administration building at depot. Here fast film and lens of reflex camera stopped action of bomber flying at low level, relatively high speed. Plane's flyover was typical of hundreds of similar demonstrations all over nation in line with Armed Forces theme, "Power For Peace." (Rollie Photo by MacLeod)

Fathers No Longer To Be Drafted

HARRISBURG, May 20 (AP)—Col. Henry M. Gross, Pennsylvania state selective service director, says that barring a change in the military situation, fathers no longer will be drafted in Pennsylvania.

Gross said yesterday that under new regulations from Washington, physically fit men over the age of 26 also will be excused from service. As a result, Gross said, the chances of the remaining eligible men escaping the draft are much slimmer now than they were a year ago.

Reasons

Gross cited these reasons for the changed picture:

1. An executive order signed by President Eisenhower within the last few months says that married men who are classified I-A can be called only after all other men in that class between the ages of 19 and 26. It provides that men between 26 and 35 whose liability has been extended should be called after fathers.

2. As a result, 8,435 fathers and 897 elder men have been taken out of Pennsylvania's I-A pool since last August. This has been the main reason for the pool's decrease in size from 89,666 to 77,259. It is still large enough, however, to meet the Commonwealth's draft calls in the foreseeable future. So the fathers and elder men are, to all intent, draft exempt.

3. The Army now is taking youths 17½ to 18 for six months to active service followed by seven-and-a-half years service in the reserves. This program just has been started and it is not clear how many Pennsylvanians will take advantage of it.

Body Found In Susquehanna

BLOOMSBURG, May 20 (AP)—Three small boys discovered the body of a man in the north branch of the Susquehanna River in the Briar Creek Borough section today.

The body was identified as that of 36-year-old Reginald Struzzer, of Inkerman, near Pittston, Luzerne County. Struzzer was reported missing May 9 when his car was found near Shicklesburg by state police.

Un-American Activities Committee Releases Symposium On Anti-Stalinism Drive By Reds

RUSSIA'S current campaign of anti-Stalinism presents a menace to the free world greater than Stalinism itself, a group of 39 authorities on the Soviet Union and international Communism warned yesterday.

Their views are contained in a symposium on anti-Stalinism and the 20th Congress of the Soviet Communist Party, entitled "The Great Pretense," published today by the Committee on Un-American Activities.

Congressman Francis E. Walter, committee chairman, said the symposium had been organized "in an endeavor to provide an adequate explanation and an indication of what the world may expect from the Soviet Union's new course."

"It is the hope of the committee," said Walter, "that (these) analyses may aid in creating an effective program with which to counteract the dangers of anti-Stalinism—and in maintaining reason and vigilance in that diminishing part of the world that is still free."

The contributors to the symposium stand together on these three major conclusions:

(1) The current policy and tactics of the Soviet Union present the greatest danger ever to confront the West.

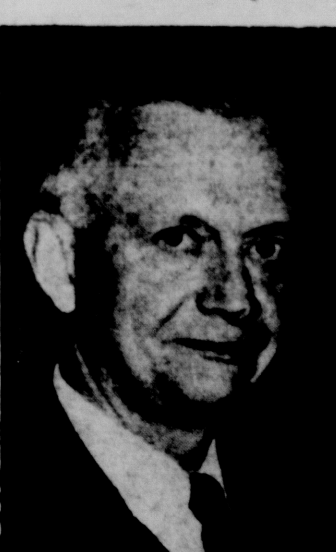

(2) The current developments in the Soviet Union are a reflection of growing strength and confidence rather than weakness.

(3) The policy of anti-Stalinism proclaimed by Khrushchev does not denote any abandonment of the messianic Soviet program of universal conquest.

Rep. Walter added to these points "it is instructive that while (the contributors) vary in approach and emphasis, they agree, without exception, that the ultimate importance of anti-Stalinism will derive not from the disposition made of Joseph Stalin, but from the reaction to it by the West."

Summarizing the views of the contributors, Walter said further:

"The significance of anti-Stalinism cannot be discerned in the specific internal conditions which may have necessitated its adoption: a

Francis E. Walter . . . Offers Explanation

rivalry for power within the Kremlin, severe pressures arising from a conflict between the Army and the Party, deep rumblings in the areas incorporated forcibly into the Soviet political structure and still aspiring for a return to independence. None of these in itself, nor all together, provides a total explanation despite the appeal they have to those who are inclined to regard the slightest tremor as

Army Announces Air Contract

WASHINGTON, May 20 (AP)—The Army today announced the award of an \$850,000 contract for the design and development of a turbine-powered aircraft that would take off and land vertically, like a helicopter.

Verlot Aircraft Corp. of Morton, Pa., will develop an experimental model of the new plane.

Seranton Native Dies

WASHINGTON, May 20 (AP)—Eugene J. Butler, a native of Seranton, Pa., and director of the legal staff of the Catholic Welfare Council, died Saturday at Georgetown University Hospital.

Savage Fury Rages Over Target Island

USS MT. MCKINLEY, Off Bikini, Monday, May 21 (AP)—America's first air-dropped H-bomb with at least 10 million tons of savage fury, burst above a Bikini Atoll target island in the black predawn today.

At precisely the scheduled instant of 5:51 a.m.—12:51 p.m., Sunday, EST—a pinpoint of light pricked the darkness just above the horizon.

Even through the almost opaque filter of high-density goggles, the swiftly growing, unearthly brilliance of the expanding fireball was dazzling.

An observer, taking a cautious, quick glimpse over the rim of his goggles, quickly put them back on.

Quickly. Swelling swiftly, the fireball raced out to what seemed more than a three-mile diameter in a matter of seconds.

From its initial silvery-white brilliancy, the fireball began dimming into a creamy white, then into orange and red as it started to shrink.

It pointed a finger at the mushroom beginning to take shape overhead.

By now the night was starting to turn into the gray light of dawn.

Down over the target island of Namu, at the northwest end of Bikini Atoll, a "base surge" developed—a broad, low-lying bank of dirty clouds made up of dust and moisture drawn into the air as the hot gases of the mushroom cloud mounted above it.

By 12 minutes after detonation, the top of the mushroom had reached an estimated altitude of 25 miles.

The width of the mushroom as it flattened out was nearing 100 miles.

The giant cloud by then was so high that the rays of the sun, still below the horizon, painted it in brilliant salmon and pink colors.

Observer

The observer ship Mt. McKinley, with 15 correspondents and a score of Civil Defense observers on board, was 34 nautical miles—39 land miles—from the target.

The shock wave reached the ship 2 minutes, 43 seconds after the explosion. It came as a prolonged, deep-toned, grumbling roar.

Ears of observers crackled as the air pressure changed when the rush of air reached them.

A few seconds after the burst, a half dozen small, brilliant points of light were noted close to the forming cloud. These were not immediately explainable.

One scientist aboard the Mt. McKinley said that such a super-powerful detonation creates a moment of vacuum in the atmosphere. This, he suggested, might have caused stars to shine through with unusual brilliancy for a moment.

Observations

Somewhere above the explosion, an F101A supersonic jet fighter cruised, its pilot making observations of the blast.

Ranging outward were some of the other planes assigned to cover the explosion.

Radiologists said that the height of the bursting bomb made it probable that a minimum of contamination had been produced by sucking up dust and moisture from the target area.

The exact height of the burst was a military secret, but the angle above the horizon suggested it must have been not lower than 10,000 feet.

This meant that even with its great size, the fireball did not touch the earth.

First unofficial study of the cloud suggested it was moving along the safe course predicted—dropping whatever radioactivity it contained along a path directly northward from the Marshall Islands, out in the empty ocean.

While details were classified as secret, it was presumed the bomber was about 15 miles away from the bomb which it had released approximately one minute previously.

The 600-mile-an-hour speed of the B52 gave forward momentum to the falling bomb, carrying it about seven miles ahead in its trajectory.

Price Increase Expected

CLEVELAND, May 20 (AP)—A "substantial" hike in steel prices to offset an anticipated increase in labor costs and provide expansion funds was predicted today by "Steel" magazine.

Truman Has Audience With Pope Pius

ROME, May 20 (AP)—Harry S. Truman, former president of the United States, spent an hour and a half in Vatican City today—including a 30-minute audience with Pope Pius XII. Then he went to Protestant church services.

Truman, an advocate of renewed diplomatic relations with the Vatican, is the first U. S. chief of state to be received at the Holy See—either in office or after—for 37 years. President Woodrow Wilson paid a formal visit on Pope Benedict XV in 1919 during World War I peace talks. The United States has had no diplomatic relations with the Vatican since 1870.

Truman was alone with the pontiff for 15 minutes in his library. After being introduced by Bishop Martin J. O'Connor of Scranton, Pa., rector of the pontifical North American College here, the Pope gave Truman a gold medal of his pontificate. Then Mrs. Truman, Mr. and Mrs. Stanley Woodward and Eugene Bailey, Truman's secretary, were ushered into the audience chamber. Woodward is a former ambassador to Canada and was chief of protocol at the White House when Truman was in office.

The men wore top hats and formal morning clothes for the audience. Mrs. Truman and Mrs. Woodward were in black, with lace veils over their heads.

Truman declined comment on his audience except to say it was "most pleasant and satisfactory."

"When I was president and a big shot came to call on me and told afterward what was said in a talk, he didn't get any more," he added.

Truman declined comment on his audience except to say it was "most pleasant and satisfactory."

President Of PP&L Favors Anderson Plan

CHARLES E. OAKES, Pennsylvania Power and Light Company's president in a testimony before the Joint Congressional Atomic Energy Committee, favored Senator Clinton Anderson's (D., N.M.) proposal for a back-up Federal indemnity program where liability in an atomic reactor accident might exceed the limits of approved insurance underwriting.

Introduced to groups interested in the development of peace-time atomic power in an open letter, Senator Anderson's basic proposal is that the liability of reactor operators and equipment manufacturers would be limited to approved insurance coverage, plus whatever indemnity the Government might make available.

Speaking in support of Senator Anderson's proposal, Oakes said, "As we understand the proposal outlined in Senator Anderson's letter of April 25, 1956, we consider the effectuation of this proposal through properly approved legislation would provide a reasonable solution of the insurance problem. In so stating, we do, of course, have in mind that the insurance rates for the coverage to be afforded by the insurance industry must be on a reasonable basis. We consider that the same is true for the minimum charge for indemnity coverage referred to in Senator Anderson's letter. However, we expect that through these hearings, assurance will be forthcoming that such rates and charges will be reasonable and appropriate to the needs of the situation."

Statement

Oakes said his company certainly would not build a reactor which is considered to involve any unreasonable risk for the public. He also stated that the Atomic Energy Commission and the Reactor Safeguards Committee have both the power and the responsibility to prevent the construction or operation of any reactor not meeting the strictest sort of safety requirements. On the other hand, he pointed out that it was not realistic to assume that today's complex industrial processes of every sort do not have inherent risks, and used the Texas City accident of several years ago as an example of the unexpected.

In his testimony, Mr. Oakes also discussed PP&L's atomic energy project and said this was moving ahead under the assumption that the insurance problem could be satisfactorily resolved. The project, a joint venture between PP&L and the Westinghouse Electric Corporation, is aimed at developing a homogenous type of reactor as a heat source for a power plant of approximately 150,000KW. Oakes said that it was anticipated that by 1958 the necessary new technology and research would have advanced to the point where detailed design and construction could start, with PP&L having its atomic plant in service by 1962.

Committee To Meet

VFW and Auxiliary poppy committee will meet tonight at 8 at Thomas P. Lambert post home. Officials urge all committee members to attend.

The Sea of Galilee is nearly 700 feet below sea level, says the National Geographic Society.

THE RENDERING of services to our listeners is more than a duty; it's a responsibility. The very nature of a radio station deems it mandatory that, while we hope to entertain and inform, we let our listeners use us to their most advantageous ends. But what many fail to realize is we are a service to this community. There are too few who call on us to serve them. There are too many who don't ask (or are reticent) to rely on WVPO.

Each morning on the "Morning Notebook" a major feature is community news... notes about upcoming socials, activities and events that we are glad to publicize at absolutely no charge to any group. Added to this is our local news coverage. We urge, even solicit, residents to contact us for any type announcement that will be of local or area interest. Again, there is no charge for this service.

For each we do ask one favor. Whenever possible, we would appreciate your informing us a few days in advance of your forthcoming affair. If this is done, not only are you sure of getting your publicity, but the sooner we have the information, the more often you will hear your group's announcement. Added to this, the station would appreciate receiving all releases either type written or printed legibly. That way it is easier for the announcer to read and there will be less cause for error. Now, in the case of local news we realize that advance notice, in most cases, is practically an impossibility. When information is readily available we'd like to have it.

The important thing, though, to

STEERING A DRY COURSE in Signal Depot demonstration was Yeoman 1/C Kennedy, Naval Reserve, Scranton. Navy display was one of dozens set up by area reserve units to show work they do in "Power For Peace" service program.

700 Delegates Expected To Attend Lutheran Convention

BUCK HILL FALLS—Some 700 lay and clerical delegates will attend sessions of the 29th annual convention of the Lutheran Ministerium of Pennsylvania which convenes at The Inn here today. Sessions will continue through Thursday.

Inspection Of Boats To Be Held

CIVIL DEFENSE volunteer boat squad members will meet Wednesday, June 6, at CD headquarters for an equipment check and a film showing.

Purpose of the meeting also is to give the public a demonstration of CD boat supplies and equipment in use; make a complete record of supplies and practice the moving of boat equipment.

Time

The meeting will begin at 7:30 p.m. Parking has been arranged with borough officials in the area around the courthouse and adjoining streets.

Following the equipment check a recently-released movie showing at CD headquarters according to small boats in action will be shown. Harold Hoser, Monroe County CD boat coordinator.

Submits Resignation

TRENTON, N. J., May 20 (P)—Gov. Meyner announced today that C. George Krueger, under fire on conflict of interest charges, has submitted his resignation as deputy director of the N.J. Division of Engineering and Safety.

Extension Granted On Tax Returns

A 15-DAY extension in the filing of the Hotel Occupancy Tax Returns was granted all licensees by Secretary of Revenue Gerald A. Gleeson.

The new due date for the returns is June 4. The Hotel Occupancy Tax act originally provided for the returns to be in by May 20 for the period March 17 through April 30.

Secretary Gleeson explained that a delay in receiving the return forms from the printer made it necessary to grant the fifteen-day extension for filing. The pre-identified return forms will be mailed to all licensees by the Bureau of Sales and Use Tax by May 20.

Advice

It was also pointed out by Secretary Gleeson that any licensee who has not received a return form by May 23 should write directly to the Bureau of Sales and Use Tax, Harrisburg, requesting a form.

Licensees were advised that if they have any questions concerning the proper preparation of the return form, these questions may be directed to the following district offices and sub-offices of the Bureau of Sales and Use Tax: Philadelphia; Reading (sub-offices Allentown, Norristown); Wilkes-Barre (sub-office Scranton); Sunbury, Harrisburg, Lancaster (sub-offices Media, West Chester); Allentown; Kittingham (sub-office Beaver); Pittsburgh, Erie (sub-offices Oil City, Sharon), and Pottsville.

Mr. and Mrs. Frank Rodney of Steelton are opening their summer cottage here, and visiting with Mrs. Rodney's brother, Garret Gearhart, who is in Monroe Co. General Hospital.

Week-end visitors at the home of Mrs. Ruth Kelley of Sterling Road, were: Mr. and Mrs. Vincent Tighe, of Rahway, N. J.; Mr. and Mrs. Fred Mischele Jr. and children of Whippany, N. J.; Mr. and Mrs. Fred Mischele Sr. of Weehawken, N. J.; and Mrs. Arthur Reeves and Miss Emma Neil of Scranton.

Mr. and Mrs. Erwin Muschter, and Fred Hopper, of Wyoming, were dinner guests at the home of Mr. and Mrs. J. Harold Stegner of Fairview Ave. on Saturday. The Stegner family spent Mother's day with Mr. Stegner's mother, Mrs. Amy Stegner, in Wyoming.

Miss Evelyn Parth, a student at A. and T. Institute, Long Island, spent Mother's Day with her mother, Mrs. Julia Parth of Fairview Ave.

Miss Linda Staehle, of New York, spent the week-end with her mother, Mrs. Ann Staehle, and her sister Mrs. Julia Parth.

Effort

Mr. and Mrs. Norman Brong and sons, Keith and Theodore, visited Mr. and Mrs. Robert Getz and Mr. and Mrs. John Mackes of Jim Thorpe.

A daughter was born to Mr. and Mrs. William Bond on May 12 in General Hospital, East Stroudsburg. Their first child, she has been named Jane Louise.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H. At your druggist. Money back guarantee.

April County Bond Sales Hit \$106,331

SAVINGS bond sales in Monroe County during the month of April amounted to \$106,331. It was announced yesterday by E. H. Wysocki, local savings bond chairman. Figures for other neighboring counties for the same month follow: Carbon, \$116,781; Pike, \$4,606; Northampton, \$1,148,850; and Wayne, \$41,868.

Anniversary

Meanwhile, Treasury Department spokesmen pointed out that May, 1956 marks a 15th anniversary for the 40-million Americans who own US savings bonds. The popular series "E" bond was issued in May 1941. In the 15 years since then, the savings bond program has grown to be the greatest and most successful financial program ever devised by any government in history.

People in Pennsylvania alone bought more than \$36-million worth of bonds last month, and more than \$161-million worth during 1955.

Penn State Student Drowns

NEW HOPE, Pa., May 20 (P)—A Penn State University freshman was found drowned today in the Delaware River.

The body of David C. McMahon, 21, a first year student at the O'Leary Center, a part of Penn State, was discovered about four hours after he fell from a capsized rowboat.

There are almost no tides in the Mediterranean.

Methodists Make Several Pastoral Changes In Territory

Nine Ministers Reappointed To Pulpits Held In Area

ALLENTOWN — Seven pastoral changes have been made in Methodist churches in Monroe County and the surrounding area.

The new appointments were announced here yesterday by Bishop Fred Pierce Corson in a closing session of the Philadelphia Methodist conference.

However, both Revs. Roger C. Stinson, of the Stroudsburg church, and Harold C. Eaton, of East Stroudsburg, were returned to their respective pulpits for another year.

Rev. E. C. Hersh was transferred from the Mount Pocono church to serve in Llanerch, a suburb of Philadelphia. He will be replaced at Mount Pocono by Rev. W. E. Harner, who formerly served as pastor of the Stroudsburg Church in Lancaster County.

Rev. J. H. Pain was replaced as pastor of the Portland and Delaware Water Gap churches by P. S. Hanni, a graduate student at Drew University. Mr. Pain will teach religion at Brothers College.

Tobyhanna
Rev. D. G. Novers Jr. has been transferred to Lykens from Tobyhanna. And Rev. C. D. Brodhead, formerly of Scottsville near Bristol, will replace him as pastor of the Tobyhanna Church.

David Powell, a junior at Lafayette College and son of Mr. and Mrs. David W. Powell Sr., of East Stroudsburg, will become student supply of the Swiftwater Circuit. He succeeds Rev. Donald T. Engler, who has been transferred to Morion in Delaware County.

Rev. C. W. Killo retired as pastor of the East Bangor Church. He will be replaced by Franklin Garner, a student supply.

Rev. R. E. Sheesley, formerly of Trainer in Delaware County, will become pastor of the Pen Argyl Church. He will succeed Rev. C. F. Carter, who has been assigned to St. Matthew's Church in Philadelphia.

Andrew Schultz will be replaced as pastor of the Richmond Church by H. G. Wells, a student supply and formerly of Cherry Valley. Mr. Schultz has been assigned to Elmwood.

Reappointed

Meanwhile, the following other area clergymen have been reappointed to their present churches: Revs. J. C. Feltham, Ansonia; W. L. Hackman, Bangor; E. B. Moore, Canadensis; C. C. Levergood, Cherry Valley; Harold N. MacMurray, Mountainhome; M. K. Heckman, Pocono Lake; and L. J. Bernard, Tannersville.

Mr. Heckman, pastor of the Pocono Lake church, was received as a probationary member at an opening session of the conference, along with John E. Patterson, a graduate of East Stroudsburg State Teachers College. Both are students at Drew Theological Seminary. Mr. Patterson was assigned to the Girardville and William Penn churches.

Services Held For Mrs. Burger

FUNERAL services for the late Mrs. Helen Burger were held at 3 p.m. yesterday at Kresge funeral home in Brodheadsville.

Rev. Robert Booth and Rev. Klingelman officiated. Burial was made in Gilbert Cemetery. Pallbearers were Leon Zacharias, Paul Burger, James Burger, Franklin Rehm Sr., LeRoy Hinton and Franklin Rehm Jr.

Ifft Elected To Society

JAMES B. IFFT, 721 Brown St., Stroudsburg, has been named to Phi Kappa Phi, national scholastic honor society at Pennsylvania State University.

Ifft, son of Mr. and Mrs. Arthur Ifft, is one of 90 PSU students honored by election to the society this year. New members will be initiated tomorrow.

M. K. Heckman

John E. Patterson

Commandery To Meet

REGULAR convocation of St. John's Commandery 186, Knights of Malta, will be held tomorrow at 8 p.m. in the Malta Temple, Main St. Commander Lawrence Schoenberger requests a large attendance.

Reports will be received from the Grand Commandery Convention held in Allentown May 13 to 16. Other important matters will be taken up for consideration.

Attending the Grand Commandery Convention from St. John's Commandery were P.G.C. Clifford R. Kintner, Past Commanders August E. Miller, Fred B. Eyer and William E. Robinson; all of whom were members of the degree team for the installation of the grand commandery officers.

The members of St. John's were accompanied to the banquet and public installation service by their wives.

St. John's Commandery will celebrate the 60th anniversary of the order in Stroudsburg and the 50th anniversary of the building of the Malta Temple the week of September 23 to 29.

A program is being arranged for the occasion.

Reservists To Train At Indiantown

INDIANTOWN GAP, May 20 — Headquarters Pennsylvania Military District announced today that an estimated 12,000 Army Reservists from throughout Pennsylvania will undergo two week summer encampments beginning in early June.

Commanded by Brig. Gen. A. W. Stuart, the district is in charge of the overall Army Reserve program in Pennsylvania.

The civilian-soldiers will undergo their two week summer training encampments at military installations including, in addition to Indiantown Gap Military Reservation, posts in Maryland, Virginia, Kentucky, Washington, D. C., New York, New Jersey, Georgia, Texas, North Carolina, Massachusetts, Illinois and Alabama.

The largest Army Reserve unit scheduled to train at Indiantown Gap is Pennsylvania's 79th "Cross of Lorraine" Division from June 17 to July 3.

Enlistees To Train
Included in the group to undergo summer training for the first time will be approximately 1060 17 to 18½ year old enlistees under the Reserve Forces Act of 1955 signed last August 9. Sixty of these men have completed their six months active duty training phase at Army installations throughout the Second Army area.

Training phases will include advance training of the individual soldier and small unit problems up to and including platoons and similar organizations. From divisions down, units will be encouraged to operate on their own whenever possible. They will do their own cooking, operate telephones and service their own vehicles and other equipment. Emphasis will be placed on developing combat skills in men who have not had active Army service, on sharpening techniques of those who have and on developing unit effectiveness.

Marines Enlisting New School Grads

S/SGT. GEORGE J. KREUSLING, NCO in charge of the U.S. Marine Corps Recruiting Sub-Station in Scranton, announced yesterday that applicants are now being accepted from high school students who want to enlist in the Marine Corps after graduation. Kresling said a two year enlistment is now available as well as a three and four year enlistment.

All students expressing a desire to enlist under this two year program will be processed during the remainder of the month of May for enlistment on any day after graduation that they may select.

The men enlisted will report to Marine Corps Recruit Depot, Parris Island, S.C. for recruit training.

Pvt. Van Horn Graduates At Army School

FORT GORDON, Ga., May 20 — Pvt. Theodore A. Van Horn, 22, son of Mrs. Grace Van Horn, who lives in Tobyhanna, Pa., recently was graduated from the lineman's course at the Army's Southeastern Signal School, Fort Gordon, Ga.

The eight-week course trained Van Horn to construct and maintain both open and lead covered field communication wires and cables.

Van Horn entered the Army in December 1955 and completed basic training at Fort Jackson, S. C.

Troop 97 Holds Board Of Review

TROOP 97, Boy Scouts held a Board of Review Friday night at Grace Lutheran Church.

Two boys were eligible for advancement. They were John Baird, to first class and Alan Reader, to second.

Merit Badges
Merit badges were awarded to Kenny Miller for reading and world brotherhood; Fred Baird, for mechanical drawing; Jack Fellman, for citizenship and Harold Kimball, for home repair.

Glenn Reich, advancement chairman, was in charge of the program.

Concern Holds Open House

POCONO PRODUCE Co. held open house yesterday and last night at its office and warehouse at 777 N. Fifth St., Stroudsburg.

Ed Driebe, proprietor, said more than 1,500 hotel, restaurant and resort operators from all parts of the Poconos and nearby New Jersey attended the affair.

Crowded
The large Produce Co. building, opened just a year ago, was crowded throughout much of the day as guests came to witness and sample the displays of fresh and frozen fruit and produce, pastries, juices, fresh and frozen meats and seafood, and other food delicacies.

Driebe said 28 different companies exhibited their products. He plans to make the open house an annual event.

Chase Catches 18-Inch Trout

CHARLES CHASE of 211 S. Crystal St., East Stroudsburg, yesterday landed a native brown trout, measuring about 18 inches.

Chase said he was fishing Brodhead Creek near Stokes Mill when

Rev. Bergstresser Delivers Sermon During Chestnuthill High Baccalaureate Service

BRODHEADSVILLE — Rev. John B. Bergstresser, pastor of the Hamilton Lutheran Parish, delivered the sermon at the baccalaureate service for the senior class of Chestnuthill Township High School last night in Zion Union Church here.

The class will be graduated Friday at 8 p. m. at 30th annual commencement exercises in the school auditorium. Diplomats will be awarded to 14 seniors.

Rev. Bergstresser will deliver the invocation and benediction. He will also present the valedictory award offered by the West End Lions Club.

Larry Jacob Bond will be valedictorian and Nancy May Reinhart will give the salutatorian address. Rev. Clarence R. Rah, of Temple, pastor of the Jacksonville Evangelical and Reformed Church, will deliver the principal address. County Superintendent of

Schools John C. Litts will make a few remarks. John C. Mills, supervising principal, will present the class to School Board President Clyde C. Dietrich, who will award the diplomas. The high school band and chorus, directed by Frederick Whitman, will provide music.

Harold E. Burkett is president of the class; Larry J. Bond, vice president; Nancy May Reinhart, secretary and Shirley Anne Adams, treasurer.

APPOINTMENT — James Howard, East Stroudsburg State Teachers College student, recently received an appointment to the Naval Academy from Rep. Francis E. Walter.

Truck License Deadline Nears

HARRISBURG — Commercial vehicle owners were urged yesterday by Secretary of Revenue Gerald A. Gleason to submit their applications for 1956 registration plates immediately if they want to have their new license tags prior to the mid-May 31 expiration date for the current registration.

Senator Mundt Trying To Revive Interest In Electoral Reform

A few weeks ago the Senate failed to approve a proposed constitutional amendment to reform the method by which we elect a President. But the vote was 18 in favor to 37 against (two-thirds being required for passage), demonstrating strong support for the basic idea of modernizing this vital part of our governmental system.

Now Senator Mundt, South Dakota Republican, has proposed a new amendment he believes will answer the objections of those who favor electoral reform in principle but cannot accept all the provisions of the rejected amendment.

Previous debate on the question disclosed the fears of some Senators. Permitting states to make the congressional district the unit for electoral votes, they thought, would encourage gerrymandering, and also discriminate against urban residents because various states have not granted urban areas the number of congressional seats to which they are entitled.

The Daniel-Kefauver reform measure, which would divide a state's electoral votes on the basis of the statewide totals, got considerably more support than the Mundt proposal that the congressional district be used as the unit.

In his new draft Mr. Mundt retains the "district" idea, but would require the states to establish election districts of "contiguous and compact territory" and of as nearly equal population as "practicable."

Action on this new proposal is not likely this late in the session.

But we commend Mr. Mundt for his efforts to keep the issue alive. The next Congress should make presidential election reform one of its first tasks.

The people want and deserve a system which would reflect their votes more accurately than at present and eliminate the danger of a minority electing a President.

American Red Cross 75 Years Old; Keynote Was Sounded By Clara Barton

The American Red Cross, which hundreds of Monroe Countians became acquainted with first-hand as it methodically went about the task of distributing more than a million dollars in flood relief here last Fall, is marking a significant milestone today—its 75th anniversary.

The International Red Cross is less than 100 years old. It wasn't long after the Geneva agreement which guaranteed help for the victims of war that Clara Barton started her dedicated work of securing U.S. adherence to the agreement and organized the American branch of the Red Cross.

It's hard to imagine how people got along without a Red Cross. The answer is that many of them didn't, when disaster struck. Through the years, the Red Cross

—which is all of us pitching in to help others—has done spectacular jobs in war and in peace.

One of the early jobs in this part of the nation was the Johnstown flood of 1889. And today, Red Cross disaster workers are in Flint, Mich., and Cleveland, Ohio, to help 700 families affected by the tornadoes of last week end.

Clara Barton sketched the picture more than 50 years ago:

"It is not in its past that the glories or benefits of the Red Cross lie," she said, "but in the possibilities it has created for the future; in the lessons it has taught; in the avenues to humane effort it has opened . . . that shall constitute a bulwark against the mighty woes sure to come."

George Sokolsky Says . . .

Inspired Teacher Can Save Children From Parental-Imposed Fate Worse Than Death

I received a most interesting letter from three schoolteachers in Miami who must be having a very tough time in that delightful resort city.

They make the point: "We also object to being professional baby-sitters for parents whose golf game would be interfered (sic) with otherwise, or who braggingly admit (sic) they cannot control their own children. It isn't pleasant to be considered the dumping ground for all society's evils, neglect and lack of responsibility."

It would appear that these are the children of the idle rich who can afford to take time off any day of the week to play golf and to lack responsibility. Most Americans have to work for a living at least 40 hours a week, 50 weeks a year, although I note that some labor leaders want to bring it down to 20 hours a week. Perhaps the day may come when automation will be perfected, and nobody will have to work any hours a week and then everybody can play golf all the time or even look after their children. Maybe under such perfect conditions, teachers also will be unnecessary as children will be taught by television. Walt Disney's studio, preparing the lessons with the assistance of Donald Duck.

However, when teachers write that "the youth of today faces many problems not in existence even 5 years ago," one wonders precisely what they are. I wonder what problems youth faces today that were not faced by the young people when Aristotle taught Alexander whatever it was he taught him. Even as far back as that sex reared itself disturbingly. Of course, back in those days, Freud had not yet become a fancy, so young men did not find it necessary to hate their fathers but there were other complications and fashions as one can read about in the literature that has come down to us.

These teachers say that some of their pupils (in a junior high school) have an allowance of \$20 a week. When I went to high school, I got a quarter a day which was too little. It cost a dime for subway fare and about a dime a day for lunch which often consisted of a heaping plate of mashed potatoes covered by a thick, greasy gravy. That was before dietitians conquered mankind and when nobody knew what to eat. Today, even such a dish might be more expensive because the dollar is only worth 53 cents despite peace and prosperity.

No! A \$20 allowance for a kid in a junior high school seems too high and the parents sound like dopes; also the children, the teachers say, "gain their exercise by rushing to mount their motor bikes." Dastardly things, motor bikes! But I never heard of them being mounted. It used to be that people got on bicycles and let it go at that. These must be terrible kids in Miami, mounting motor

bicycles and spending \$20 a week. Apparently as a result of mounting these bicycles, "they can get to more trouble easier and faster than ever before." Nothing is said about hot-rods, so it must be assumed that these Miami youngsters have not yet taken to doctoring motor cars or diluting gasoline with hair tonic or some other unpotable alcohol. But youngsters will get into trouble anywhere if they are so minded and speed makes hardly any difference.

The reason for this letter is to educate me to the fact that it is parents who spoil children and that teachers are stuck with the spoiled child. It is probably true that spoiled parents turn out spoiled children but it is, I maintain, part of a teacher's job, particularly in the lower grades of the elementary school, to teach children good manners and proper working habits and a competent teacher usually can do it without whacking the infant, but if whacking is required, it should be done and a teacher can be more objective about whacking than a parent can.

In my school days, we got whacked in the public schools and we learned to use grammatical English thereby. Also spelling and other simple things, like saying "Good morning," and "Thank you." Children have been spoiled by their parents since time immemorial and have been rescued from a fate worse than death by inspired and inspirational teachers. This, of course, was when teaching was a vocation not a job.

It is a truism that the prediction of a big-time revue is tougher to today than most any other phase of show business . . . Ziegfeld shows always had numerous big-time comics and comedienne, but most of such talent can today make more money on TV or in movies for a single effort than can be made in a revue in months . . . There is no W. C. Fields, Will Rogers, Eddie Cantor or Willie Howard around today anxious for a Folies role . . . Tallulah Bankhead is admittedly a great star, but fitting her for a Folies part is tough work . . . A New York judge reduced bail from \$2,500 to \$1 in the case of a confessed possessor of narcotics . . . He seems to be "needing" the law enforcement officers . . . A big brokerage house now sends information buses on the road to reach customers where they live . . . You never know when the bell rings whether it's the Fuller Brush Man or the Fuller Market Information Man . . . The firm uses cartoons in advertising . . . Laughs for both the long pull and the quick turnover.

Alfred G. Vanderbilt is to sell all but five horses of his current racing stable . . . At present costs five race horses can be enough to give even a millionaire headaches . . . A million dollar medical center for dogs is to be built in New York for a \$3,000,000 bequest by a rich dog lover . . . From here on to be sick as a dog won't imply hopelessness . . .

"Dotted Line" won a race the other day at \$33.80 . . . Had a contract rider up, we assume, by the name of John Hancock . . . On the same program "Enriched" paid \$165 . . . E-Prince Truman's European tour will include a visit to places where he fought as an artilleryman in World War I, and the memories of which seem peaceful compared to the fights he's been in since . . . The Once Over

—by H. I. Phillips

The wonders of science will never cease . . . Now it has developed a nonshatterable egg!

It is produced by taking the egg from the original shell and putting it into a durable plastic shell. Such eggs are then packaged in a polyethylene container in which they can be cooked and from which they can be eaten! Millions of dollars are lost to farmers and shippers through busted eggs every year and it is predicted that within a short time nobody will have anything to do with an original shell except the hen.

Cornell has developed a new "hardpan" egg. But it is yet to produce a professor who can cackle or crow. In a way the university is unwittingly supporting the current contention that our educational system has laid an egg! It will be no help to ham actors, political orators or magicians specializing in the hat-trick. The egg won't break but the target is certain to. It is better to be shattered than to lose on an early knockout. The missus is skeptical about any egg upon which college professors have worked harder than the

hen. She welcomes an egg that doesn't crack easily. But she has no desire for one that has to be opened with a billiard cue.

It can revolutionize breakfast habits. No man can be positive whether he is getting an order of boiled eggs or two new billiard balls. We fear the advent of bacon in optional colors and so designed that it loses all association with a pig. (We interviewed a couple of housewives today: Housewife Number One: "Eggs in a plastic shell? Nice going, especially if they can be used for table tennis." . . . Wife Number Two: "Science is wonderful. How about a chicken that comes in a plastic skin and can be used as a bookend?" . . . Wife Number Three: "I await the omelette that has been prewhipped by du Pont and is delivered intact when thrown at the kitchen door from a delivery truck.")

"Dotted Line" won a race the other day at \$33.80 . . . Had a contract rider up, we assume, by the name of John Hancock . . . On the same program "Enriched" paid \$165 . . . E-Prince Truman's European tour will include a visit to places where he fought as an artilleryman in World War I, and the memories of which seem peaceful compared to the fights he's been in since . . . Difficulties of the Ziegfeld Folies make it clear that, con-

Fairly Spoken By MARGARET LATROBE

Cuba's Reception Is Infectious In Havana

Havana, Cuba—Havana's half-moon harbor lights twinkled in the curious pearly twilight as the plane let down over Rancho Boyeros Airport. The yellowish flames danced across toward shadowy Morro Castle, and the evening was filled with music.

We slipped the last of our duquini and buckled the seat belt. Down there, Havana. Down there in the moonlight was the color and sound and warmth of a city rested from its day of work, ready for its night of gaiety. Already donning its sequined skirts and thin white linen shirts, already taking place in the Prado and the splendid gardens throughout the city, or among the lighted trees of Sans Souci where the people come from everywhere to enjoy the old world of a friendly city.

The plane landed softly in the darkness, skimming down from a brilliant blue night sky. People in white waved gaily from the rooftop galleries, but none could approach the passengers until they cleared customs.

Officials of this department have their own system of deciding what luggage to open. Which, if they do at all, they do quite thoroughly. But it seemed that most of us were given the courtesy of the port. In a few seconds the magic white sticker was slipped on the luggage, our 66 pounds of vacation clothes still unopened.

Past little flat-topped boxes of the new housing developments shuttered floor to ceiling, Cuban style. Through the evening air came the intricate rhythm of distant rumbas played on a community juke box turned high so none should miss its music.

Past the walled mansions, every window barred elaborately in wrought iron. On into the gay city, past hospitals and churches and patios almost hid from the street. Then hugging the harbor road for an instant, and up the winding hill to the Hotel Nacional.

This magnificent creamy palace sits high above the sea, its tiled halls and ceilings hovering gracefully and quietly around a voluble stream of visitors.

The shutters of our room are flung open, uncreased, to the blue and limpid moonlight. A distant flicker marks a ship at sea. Music floats from the orchestra below, and girls in summer dresses stroll in the palm gardens near the water.

The trip is over. At home it would be about bedtime, but in Havana it is barely time to think of dinner. Say, 11? And then? Might stroll a bit ourselves until things pick up in the casino, Shucks, a little roulette isn't GAMBLING.

"Put a quarter on number 18 for me, friend! Si, si—a quarter—numero diez y ocho! Si, two bets!"

Try and Stop Me

—by Bennet Cerf

Sports expert Dan Daniel recalls a practical joke that was played on Paul Gallico early in his career. Gallico wrote "The Snow Goose" and a dozen other hits, but when he was a young sports writer, not so many people knew his name. Certainly, Jack Dempsey, then heavyweight champion of the world, hadn't heard it.

So when Gallico announced his intention of invading Dempsey's training camp at Saratoga in 1923 (the camp was getting ready for his fight with Firpo, "The Wild Bull of the Pampas") and boxing a few rounds with the champ to make a headline story, prankish trainers soon were able to convince the Manassas Mauler that the visitor was an up-and-coming heavyweight hoping to catch him off-guard and clobber him.

Dempsey could have snorted. "Lemme at him!" A merciful veil will be drawn over what happened (oh, so quickly!) to poor Paul when he climbed into that ring!

Robert S. Allen Reports

Significant Fight Over Oil Is Shaping Up In Senate

Washington, May 20—Another significant fight over oil is in the making in the Senate, but it will be much shorter and far less tumultuous than the bitter one over the vetoed natural gas bill.

This latest controversy is over a proposed Department investigation of the operation of interstate oil compacts authorized by Congress last year.

A powerful bipartisan bloc, led by Senate Democratic Leader Lyndon Johnson, Tex., and Senator Styles Bridges, N.H., chairman of the Republican Policy Committee, is determinedly opposing such a probe, and its chances of being approved are not promising.

Attorney General Herbert Brownell explained he wants to set up three branch offices in different parts of the country and man them with 110 lawyers.

The subcommittee's response was blunt and hostile. Senators Bridges and Johnson made it forcefully clear they are against the probe, and are going to do everything in their power to block it. And as of now, the two Senate leaders have the votes to do that, both in the Committee and in the full Senate.

They are raising the states' rights issue on this matter, and winning support from senators who disagreed with them earlier this year on the natural gas bill. Note: Interstate oil compacts were first approved by Congress in 1936 and ran for three years. The joint resolution authorizing them last year was bipartisan, the sponsors including Senator Everett Dirksen (R-Ill.). An amendment by Senator Paul Douglas (D-Ill.), chairman of the Joint Economic Committee, directed the Justice Department to make a study of these interstate agreements. It is under this provision that Attorney General Brownell proposes his sweeping probe.

The Fireworks—Senator Bridges started the critical grilling of Brownell. "An interstate compact to conserve oil and gas is specifically an agreement between states," Bridges pointed out. "Just how does the federal government get into that?" Brownell cited Senator Douglas' amendment.

"That calls for a study," declared Senator Johnson, "and not even the wildest daydreamer ever anticipated it would require setting up three branch offices with 110 lawyers to make it. I recall very clearly that when this amendment was considered, it was felt the Justice Department could review these compacts. No one had any idea of creating a new group of snoopers to invade the states to determine whether they are acting properly in enforcing their own laws."

Brownell contended it was the states' right to sue. "That calls for a study," declared Senator Johnson, "and not even the wildest daydreamer ever anticipated it would require setting up three branch offices with 110 lawyers to make it. I recall very clearly that when this amendment was considered, it was felt the Justice Department could review these compacts. No one had any idea of creating a new group of snoopers to invade the states to determine whether they are acting properly in enforcing their own laws."

Sciota Lodge Marks 20th Anniversary

Sciota — The Sciota Rebecca Lodge observed its 20th anniversary, Friday night at the Lodge Hall in Sciota. 17 members were present and about 22 IOOF members. Mrs. Mildred Schall the present Noble Grand was in charge of the session.

Out of the 20 charter members 14 were present. Mrs. Rosa Butts was the first Noble Grand to serve the lodge, and was presented with a gift by Mrs. Anna M. Serfass. Mrs. Ethyl Rinker has never missed one meeting in the 20 years, was also presented with a gift by Mrs. Serfass, who also presented gifts to the 14 charter members which were present. Mrs. Serfass retired after this gesture, but was called back by Mrs. Blanche Shutter who honored her with a gift in behalf of the lodge as she had organized the only degree team of 20 members of the lodge and had been its captain. This degree team had been faithful and had carried out the drilling to perfection.

The following were initiated by the team at this session: Miss Catherine Counterman, Mrs. Elsie Counterman and Mr. Robert Rinker. Guests included members from Stroudsburg, Effort and Tannersville. Talks were given by various members and officers, including Mrs. Mildred Krome, Effort, who is District President.

Gifts were presented the lodge in observance of the 20th anniversary. The Lodge colors of pink and green were used in decorations even in the refreshments.

The following is the list of charter members who were present at this occasion: Mesdames Rosa Butts, Ethyl Rinker, Bessie Metzgar, Ida Dennis, Lydia Howarter, Clair Singer, Susan Bittenbender, Lydia Metzgar, Ada Hansen, Henrietta Hobbs, Grace Mackes, Ada Feller, Mayme Andre and Daisy Kemmerer.

High Honor For Graduate In Nursing

Miss Janet Armitage of 2010 Laurel St., Stroudsburg, was graduated from Pennsylvania Hospital of Nursing on May 3 where she was awarded the second highest award at ceremonies held in the Church of St. Luke of the Epiphany. Miss Armitage was graduated from East Stroudsburg High School in the class of 1953.

Local people attending the graduation ceremony were Mr. and Mrs. W. Grady Moore, Richard Moore, Miss Janet Stewart, Mr. and Mrs. Donald Armitage and Carl Armitage.

Paper Drive Tuesday

Pocono Lake — The Pocono Lions Club is putting on a paper drive on Tuesday, May 22. Anyone having newspapers, magazines, cardboard boxes is asked to call Pocono Lake 32201 so that arrangements can be made to pick them up.

Just Between Us

—By Bobby Westbrook

The more things change the more they are the same — it says somewhere. Like so many hackneyed sayings, it's undoubtedly true. I was thinking of that while watching the Greek play at Cedar Crest College on Saturday.

The actions would be different today — no longer do men sacrifice their daughters to propitiate the gods, so frankly no longer is the killing so blatant, but the emotions came through clear and recognizable in the words written some 2300 years ago.

Things change, but human nature doesn't seem to. Hate, revenge, blinding passion, searing jealousy — they're all here. But then so are affection and amused memories — just ask any member of the class of 1936 ESHS after their reunion on Saturday night.

And they all insisted that nobody had changed much in looks, either, but maybe part of the sameness was in the eye of the beholder, who could see under the added pounds and thinning hair the young laughter and mischievous eyes.

Trying to see through another's eyes is a fascinating preoccupation. And I was trying to see the home on Scott Street which the Married Couples Class of the Presbyterian has fixed up through the homesick eyes of the young family from Hungary by way of Belgium who will arrive to occupy it this week.

It isn't pretentious, but it is comfortable, and perhaps some of the aura of friendly laughter as the class members made the slipcovers or shined the windows, some of the anxious surveying of the rooms to be sure that nothing really essential has been overlooked will still linger in the rooms and make them feel that they are truly welcome.

Miss Annie Antonacci

Jane Schock

Jane Schock Is Honored On First Birthday

The first birthday of Jane E. Schock, daughter of Mr. and Mrs. Alfred Schock of 26 Morningside Ave., Stroudsburg, was celebrated recently with a party in her honor.

Her little guests included Cynthia Laise, Sandy Jacobson, Elmer Strong Jr., Mount Pocono, Alfred McCloskey, Gwen McCloskey, William O. Frear Jr., Mark Kovito and the mothers of the children.

Pike GOP Women Hear Of Education Conference

Dingmans Ferry — The Pike County Council of Republican Women met Monday, May 14, at the Gifford Pinchot Grange Hall, Milford. Mrs. Emma H. Buck, president, conducted the business meeting. Mrs. R. D. Young, of Taffon, distributed campaign buttons and showed catalogs depicting various types of campaign jewelry that will be available for persons desiring to advertise their political choices next Fall.

The program chairman, Mrs. Rudolph Ludwig, gave a report of programs planned for the next several meetings, and then introduced the speaker, Miss Frances Hankins, head of the Department of Social Studies and Dean of Women of Milford High School.

Miss Hankins' topic was "The Sixth White House Conference on Education," which was held at Washington, D. C., from November 28 to December 1, 1955. Giving some of the history of the five previous White House conferences, Miss Hankins explained that the first one was called by President Theodore Roosevelt in 1908, and out of that discussion there grew the very first Mother's Pension Law which provided for the care of widows left with small children. The second conference was held in 1919, under the presidency of Woodrow Wilson. At this time consideration was given to the problem of working children which resulted in the beginnings of the Child Labor Laws, the first of which provided, among other things, that no child under fourteen be permitted to work in coal mines, or to engage in any form of labor which kept him out of school.

Subsequent educational conferences were held at anywhere from five to ten year intervals. This sixth conference was called at a shorter interval because of the increased problems brought about by our rapidly expanding population.

Describing this conference in some detail, Miss Hankins explained that the meeting was divided into a series of 166 tables, each having one chairman, one assistant, and an average of ten persons. Pennsylvania sent 94 delegates to the conference, starting at the county level, and by the magic of an IBM computing machine, these delegates were so divided that only two Pennsylvania representatives sat at any one table. Thus, of the whole 166 tables, 94 had a Pennsylvanian as a member

Local Nurse To Be Wed In Rome, It.

Portland — Miss Annie Antonacci, former nurse at the General Hospital in East Stroudsburg, daughter of Mr. and Mrs. Luigi Antonacci, of Slateford, sailed for Rome, Italy on Saturday, May 19, on the Andrea Doria.

She is to be married on June 17 in St. Francis Roman Catholic Church, Rome, Italy, to Gino Picciorelli, son of Mr. and Mrs. Leopoldo Picciorelli.

The couple met while Miss Antonacci was vacationing in Rome a year ago. Miss Antonacci is being accompanied by her mother, Mrs. Margherita Antonacci.

Change Meeting Place

Crown Seekers Class of the East Stroudsburg Methodist Church will meet at the church on Monday night instead of at the home of Mrs. Francis Marvin as previously announced.

iam O. Frear Jr., Mark Kovito and the mothers of the children. Invited but unable to attend were Chuckie Fedish, Claudia and Jackie Ellenberger.

Future Nurse Club Closes Year With Dinner Party

Pocono Lake — The Tobyhanna Township Future Nurse Club held its final meeting of the school year at the home of Mr. and Mrs. Glenmore Hayes on Thursday, May 17. It was a dinner party with the following present: Patsy Knowles, club president; Donna Fisher, Donna Weirich, Mary Lou Coleman, Elsie Heller, and Mr. and Mrs. William Wildrick. Mrs. Wildrick is the faculty-advisor of the group.

Following the dinner, group singing and games were enjoyed. Meetings of the club will be resumed in October, and a picnic is planned for the summer.

Friendly Society Are Guests At Gruber Home

Friendly Society of Zion Reformed Church met on Thursday night at the home of Miss Helen Gruber. A social followed the business meeting.

Present were Mrs. Frank Blatt, Mrs. Hazel Bird, Mrs. Martha Tinney, Mrs. Laura Marsh, Mrs. Josephine Smith, Mrs. Mary Cramer, Mrs. Lida Gregory, Mrs. Emily Van Etten, and the hostesses, Lyndia Kirkhoff and Helen Gruber.

The next meeting will be a picnic lunch at the summer home of Mrs. Lida Gregory, Lake Mineola.

Mother-Daughter Tea Tonight For Y-Gradale

The annual Mother and Daughter Tea of the Y-Gradale will be held tonight at the YMCA when each member is requested to bring a guest.

Mrs. Robert Ludgate and Mrs. Edwin Millard are in charge of flowers and the refreshment committee include Mrs. Anthony Quarles, chairman; Mrs. Ludgate, Mrs. John Manzie, Mrs. K. Marsh, Mrs. Millard and Mrs. Russell Scheller.

Msgr. Kane To Be Speaker At May Dinner Here

The Right Reverend Monsignor Dennis J. Kane, pastor of St. Gabriel's Church, Hazleton, will be the main speaker at the 12th Annual May Dinner of the Altar and Rosary Society of St. Matthew's Roman Catholic Church to be held on Wednesday, May 23, at Bartonville Hotel.

Monsignor Kane was born Oct. 2, 1878, at Sugar Notch, Pa. He graduated from St. Bonaventure College, Olean, N. Y., and attended seminary at St. Bonaventure. He completed his studies at St. Charles Borromeo, Overbrook, Pa. He was ordained to the priesthood June 17, 1905, by the late Bishop M. J. Hoban of Scranton. He first served at St. Paul's, Scranton, as assistant, and later served at Hawley, and at St. Gabriel's, Hazleton.

His first pastorate was at St. Peter's, Wellsboro, in 1916. He served as Chaplain in the Army in World War I.

After his discharge, he became Pastor of St. Catherine's Church, Moscow. Here he bought land and laid groundwork for St. Catherine's Cemetery. He then served as Pastor at Plains and returned to St. Gabriel's as Pastor in 1931.

The late Pope Pius XI recognized his works by bestowing on him the title of Very Reverend Monsignor in August, 1932. In 1948, Pope Pius XII elevated him to Domestic Prelate with title of Right Reverend Monsignor.

Monsignor Kane celebrated 50 years in the priesthood in June of 1955. At this time, the Reverend J. D. Hannan, Bishop of Scranton, announced "that the Holy See honored Monsignor Kane with the dignity and recognition of 'Prototitular Apostolic' because of his distinguished service."

All Catholic women of the area and their friends are invited to attend this dinner. Reservations must be made by calling Mrs. Henry Baustian at Stroudsburg 2582, no later than tonight.

Friendly Class Meets

Pen Argyl — The Friendly Class of the Presbyterian church met Wednesday night at the home of Miss Grace Dennis. The class discussed and planned a strawberry festival and the announcement was made that the annual class banquet will be held at the Village Inn at Allentown.

Those attending the meeting were: Mrs. James Weiss, Mrs. Kenneth Altomose, Mrs. Richard Powell, Mrs. Freeman Bethman, Mrs. Charles Schmidt, Mrs. Lucas Parsons, Mrs. Duane Brugler, Mrs. Thomas Masters, Mrs. Charles Morgan, Mrs. Robert Bellis, Mrs. Frank DeRenzi and Mrs. Alexander De Nadal. Hostesses were Mrs. Glen Grigg and Miss Grace Dennis.

ESHS Class Of '36 Holds Big Reunion

Fond memories were being revived on Saturday night when the class of 1936 of East Stroudsburg High School held their 20 year reunion at the Club Fernwood, Bushkill. There were 89 present with Principal and Mrs. Carl T. Secor as honored guests.

Myron Ehrlich served as toastmaster in the absence of the class president, Norman Arnt who was not able to attend. Ehrlich called on each member to introduce themselves and their respective spouses.

The class prophecy was read and greeted with laughter as the prophecies hit—or widely missed—the mark. Bessie Avery Lessig read the poem she had written for class night, and class will be read.

Doug Townsend awarded prizes in the following categories: coming the longest distance, and class member with the most children, both went to Mabel Cramer Tough, of Baltimore, Md.; Ellen Taylor Burrus, married 20 years, was married the longest; and Marjorie Marvin Hunt had the oldest child, 18 years old; William Beville, the youngest child, four weeks; Donald Clifton was the most recently married.

Harriet Sebring and Calvin Bush had changed the most. Myron Ehrlich had lost the most hair, and Mr. and Mrs. Clyde Lessig were classmates who had married.

Tribute was paid to the five class members who had been killed during the war, three of them at Pearl Harbor: Harry Shambaugh, Ed Puzio and Joe Lessig; and Charles Carmella and Al Ebel in service.

Those present for the party included Mr. and Mrs. Carl T. Secor, Myron Ehrlich and wife, Ditty; Bill Brown and wife, Lida; Helen Smith Sandt, and husband, Jack; Tess Vogler Weber and husband, Walt; Jean Carmella McKuliff and husband, Joe; Jeanette Rabin Weiss and husband, Lester; Josephine Krenmer Squires and husband, Roy; Florence Krenmer Kemmer and husband, Richard; Robert Ahnert and wife, Helen; Marion Harrison Ahnert and husband, Harry; Bill Beville and wife, Helen; Robert Esling and wife, Calvin Bush and wife; Mabel Cramer Tough and husband, Donald Clifton and wife; Robert P.A. Decker and wife; Robert Zoller and wife; Fred Ehrigood and wife; Isabelle Ellenberger Wile and husband; Virginia Lee Buck and husband; Clara-belle Lessine and husband; Irving Lessine and wife; Isaac Martin and wife; Bessie and Clyde Lessig; Marjorie Marvin Hunt and husband; Evelyn Mae Boushell and husband; Lorraine Miller Kitchen and husband; Martha Minor McVey and husband; Marion Munsell Kintner and husband; James Odgen and wife; Louis Staples, and wife; Madge Staples Swank and husband; Ellen Taylor Burrus and husband; Ruth Taylor Burrows and husband; Douglas Townsend and wife; Stanley Zukowski and wife; Frank DePuy and wife; Frances Snyder Dildine and husband; Rose DeLuca Pabst; Albert De Luca and wife; Mary Smith Uhl and husband; Alyson Kistler Koniocho, Jane Ellenberger Frantz, and Harriet Sebring.

Barrett PTA Open House, Election

Barrett — Open House and election of officers marked the meeting of the Parent-Teachers Association of Barrett Township School on Wednesday night. The classrooms were open for inspection from 7:30 until 8 o'clock.

William Kintzel presided at the business meeting when the report of the nominating committee, Reed Siglin, chairman, was approved. The new officers were installed by Mrs. David Nelson, president of the Monroe County Council of Parents and Teachers:

Walter Melnikoff, president; Mrs. Irwin Shinnen, vice president; Edward Olker, treasurer and Miss Edna Elfe, secretary.

Melnikoff in his acceptance speech announced that the executive board would organize this summer to prepare the program for the coming year and to outline projects to make the PTA one of the most worthwhile organizations in the community.

George Webb, supervising principal, announced that the Health and Safety Club was sponsoring a gym exhibition on May 18; class night is scheduled June 7, baccalaureate June 10, and commencement at Buck Hill auditorium on June 12.

Mrs. Jurgens first grade class won the April attendance award for having the most parents present. Miss Edna Elfe's fourth grade class presented a play, "Prairie Wagon." In the three acts, the children covered the famous Donner expedition, showing the Donner Hike in Illinois in April, 1846 the wagon train on the desert in August; and the winter scene in the Rockies.

The Donner family was represented by Alan Young, Judy Batzel, Stephanie Kintzel, Cathy O'Merle, Joah Tippett. Other characters were played by Robert Shinnen, Roebing Gravel, Alberta Bridge, Elizabeth Clark, Jeanne Borbridge, Sally Price, Donna Fulmer, Carole Brady, Tommy Ney, Steward Kreck, Robert Huguennin, Ronald Kochera, Dale Rush, Blaine Gravel, Mac Anderson, Michael McCambridge, Steven Heckman, John Brown, Conrad Serfass, Barbara Sieg, Jane Van Hooser, Joyce Bender, Richard DeLuca, and Robert Caprioli.

Martin Peiffer was in charge of music; Edward Ritz, of scenery, and Miss Elfe was director. The program cover was designed by Stewart Kreck.

After the play refreshments were served in the home economics room.

Elected To Office

The office of first vice president of the Women's Auxiliary of the Monroe County Medical Society was omitted in the story in the Auxiliary election last week. Mrs. Paul Maxwell was re-elected as first vice president of the organization.

Eagle Picher Has Modern Storm Door

THE EAGLE-Picher Company's Storm Enclosure Department, one of the country's largest manufacturers of a complete line of aluminum storm enclosures, recently introduced its beautiful new "Self-Storing Combination Door."

This new door is considered the ultimate in the line and embodies a number of brilliant new features which are exclusively Eagle-Picher.

The Eagle-Picher Self-Storing Combination Door is the last word in modern design and precision engineering. The door features three specially designed notched hinges of special grade stainless steel which provide a trim, smooth, neat appearance in addition to extra strength for long, dependable service. These hinges get much of their long-wearing durability and free-swinging efficiency from specially designed nylon bearings; no wagging or "jimmying" the door to open or close it.

HERE'S BILL QUEENAN... owner of one of the most scientifically equipped television service centers in the Stroudsburgs. Bill, who is a graduate of Temple University's school of electronics, is now studying color TV with RCA so he will be thoroughly acquainted with service problems when color becomes more accessible to local viewers. His shop and showroom are located at 750 Main St., Stroudsburg.

THERE'S a wealth of easy, comfortable relaxation ahead for you

gay colors are literally stacked all over our showroom at 437 Main St.

Come in and look around. You're sure to find your favorites. There's stack chairs, yacht chairs, and chaise lounges in aluminum and we also carry a selection of all-metal and California redwood summer furniture.

Coprox Sold By Fetherman

IF YOU HAVE a water problem which is ruining your basement, you need Coprox, the wonder water repeller. It is sold in this area at Fetherman's Paint Store, 1016 W. Main St.

Coprox is a copperized cement compound that prevents water seepage through all types of masonry, even in presence of considerable hydraulic pressure. It is U. S. Patent protected. Unlike other water repellent coatings, it can be applied on both wet and dry walls, thus eliminating trouble of before-and-after wetting down. Coprox has been proved in use by U. S. Government agencies, U. S. Army, U. S. Navy, Veterans Administration, leading architects, engineers and contractors... plus thousands of do-it-yourself homeowners.

Coprox bonds mechanically and chemically to any porous masonry surface producing an attractive non-chalking, durable surface. It comes in white and 4 colors. Coprox provides complete protection against wind-driven rain above

Job Both Lasting And Attractive

A HOME is the biggest single investment most families can make.

The appearance of a home can be spoiled easily by a muddy, rut-filled driveway. A paved driveway will improve the appearance of any home.

A blacktop driveway eliminates dust, dirt and mud being tracked into the house. The average blacktop driveway can be constructed, ready for use, in a day or less.

Just as a highway or a parking lot require good foundations if they are to require a minimum of repairs, a durable driveway must have a good foundation.

Proper Mixture

The right kinds of stone, sand and asphaltic cement—in the exact sizes, grades and proportions—are needed to turn out a rugged, smooth and long-lasting blacktop driveway.

In making sure that a top quality blacktop driveway is obtained, much depends on the efficiency of a blacktop company's equipment—the facilities that dry and heat the stone and sand, then mixing them with hot asphaltic cement for thorough bonding.

For a thorough job that is both lasting and attractive, call Shiffer's Bituminous Service, one of the most experienced blacktop firms in this locality.

Fastening Material

WEATHERSTRIPPING can be fastened to steel and other metal windows with heavy shellac or a metallic cement.

grade; water pressure and seepage below grade.

A few of many places where Coprox is best to keep moisture out: Homes—cellars, exterior walls, parapets, pools and ponds; Farms—silos, water tanks, barn foundations, reservoirs; Buildings—basements, walls, roofs, elevator pits, lamination coatings.

ESSTC Nature Club Elects Officers For Coming Year

NATURE CLUB at East Stroudsburg State Teachers College has elected officers for the coming year. They include William Cooke, president, and Fred Smith, vice president.

Close Games Mark Chess Club Meeting

GAMES WERE numerous, well-contested and fast at the recent session of the Stroudsburg Chess Club.

Gordon Strunk, of East Stroudsburg, was on hand for his second session and signaled the night by gaining a clear-cut victory from Edward Bosman, East Stroudsburg. Strunk took on John M. Price, club president, losing three sessions to the chief. Bosman redeemed his record by beating Strunk one game. Harold James took two games from the new member and Louis Mondelle took Strunk for one.

Busy Session
Bosman had a busy session and was uniformly victorious. He had two stubborn sessions with Earl Weiss, Stroudsburg, and defeated the latter each time. One of these games attracted considerable attention. Bosman, at one time, was five places down, but he fought back and won the game. Bosman also defeated A. J. Vlossak, Mount Pocono, and Mondelle once each.

Mondelle was in good fettle and won three games from Vlossak, and one from Bosman. He also boxed to Bosman in one game and the same to Vlossak.

Bosman bowed to William P. Deering in one strenuous game. The latter also defeated Price and lost one game to Earl Weiss. Deering compensated for that, however, by holding Weiss to a draw in their second encounter.

Joseph Kushner, club star and James, close contender for the title, played three brilliant contests all three going to Kushner.

300 Students To Take Part In Concert

BANGOR — Over 300 students of the Bangor Area Joint Schools will participate in the annual music festival to be held Friday at 8 p.m. in the Bangor High School Auditorium.

The program, as announced by the Music Department under the direction of Kenneth L. Fritz and Miss K. May Eschenbach, will consist of classical, semi-classical, popular and novelty numbers.

Newly-Organized
The newly-organized Mixed Chorus consisting of 95 voices and made up of members of the senior high school will appear before the public for the first time. They will be directed by Miss Eschenbach.

Another new group making its first appearance will be the Elementary Prep Band, Numbering 38 in membership, the Prep Band is made up of pupils from Grade 2 to 6 inclusive and will be directed by Fritz.

The Orpheus Chorus, the High School Band, the Harmonettes, and several instrumental and vocal soloists will also be featured on the program.

Miss Roan Wins Award At College

CRESO — Bernette Roan, daughter of Mr. and Mrs. W. B. Roan, has been awarded the UBEA-Sneed award for outstanding achievement in business education at the Woman's College of the University of North Carolina in Greensboro.

Miss Roan, whose father is a member of the faculty at Barrett High School here, is a member of the graduating class at the Carolina school.

President
At college she has been president of the Future Teachers of America. She also serves as vice president of the North Carolina Teachers of America organization.

Miss Roan is a 1952 graduate of Barrett High School. She was active in school affairs there.

Pre-School Center Plans Exercises

BARRETT — The Barrett Community Club Pre-School Center will hold its third annual class day exercises at the Barrett Branch of the YMCA Friday, June 25 at 11 a. m. The children have chosen "Circus Day," as the theme of their program. Under the guidance of the teacher, Mrs. Albert Gummi, they have spent many weeks perfecting their skills as acrobats, clowns and tight rope walkers.

Ceremony
A short graduation ceremony, complete with diplomas, is planned for the sixteen children who will leave to attend first grade.

Under the direction of Mrs. Stephen Moffett and Mrs. Jack Rush the school has had a very successful year. Mrs. Leon Meyung and Mrs. Jules Muraro, will be responsible for operation of the center for the coming year.

Mrs. Meyung announced that plans for registration are being made, and the date will be announced as soon as possible.

Powell Given Certificate

MADISON, N. J. — Howard B. Powell of 265 E. Brown St., East Stroudsburg, Pa., has received a certificate for completion of an extra-curricular course in Civil Defense at Drew University.

He is one of 30 Drew undergraduates who have organized one of the first student-manned CD units at a New Jersey college. He is currently assigned to the War Department Division of the unit.

Fabius, Needles Followers Chant, 'Wait Until June 16'

By John Chandler

BALTIMORE, May 20 (AP)—The Preakness post-mortem was still being conducted today, with the followers of both Fabius and Needles declaring "we'll show 'em who's the champ" in the Belmont Stakes June 16 at Belmont Park.

Needles, who had barely beaten Fabius with a come-from-behind rush in the Kentucky Derby, was soundly whipped yesterday by Fabius in the Preakness, middle jewel in the Triple Crown for 3-year-olds.

It was generally agreed that Florida-bred Needles, from the D. & H. Stable of Bonnie Heath and Jack Duddy, needed to space his races farther apart as trainer Hugh Fountaine did earlier in the season.

The Calumet Farm's Fabius, who was winning a fifth Preakness for that famed racing empire, was off to Garden State Park where trainer Jimmy Jones says he's supposed to tackle the \$50,000-added Jersey Stakes at a mile and one eighth next Saturday.

Needles To Rest

Needles, however, will rest until the \$100,000-added Belmont and its rugged mile and one-half route four weeks hence. That could be the prescription to put Needles back in the winner's circles, and

give him a big edge toward the 3-year-old championship. It was only two weeks between the Derby May 5 and the Preakness.

Willie Hartack, 1955 champion jockey who rode Fabius, was asked his opinion about the Belmont:

"I never make predictions about races, I just ride them," Willie replied with a wide grin. "I am sure Fabius will run in the Belmont and I'll be in the saddle. He's improving all the time."

Butterflies
The 24-year-old son of a Pennsylvania coal miner disclosed he had butterflies aplenty in his stomach near the finish line.

"That wire seemed to be getting farther and farther away. It was a terrible feeling."

"I never used up Fabius. At the quarter pole, I got a quick look back at Needles and saw he was way behind. Then I recalled the Derby, but I never looked back again, and that's when that wire seemed to be getting farther away. I had no idea whether I had won or not until we hit the wire."

\$84,250 Purse
He had, by a length and three-quarters in 1:58 2-5. The victory was worth \$84,250 of the gross purse of \$132,800. Fabius paid \$7.00 \$2.40 and \$2.40.

Nashua Top Money Winner

CAMDEN, N. J., May 20 (AP)—

Nashua stands today as the richest horse winner in the history of horse racing but the man who knows him best still refuses to stamp the label of greatness on the famed thoroughbred.

Eddie Arcaro, the nation's premier jockey, who has ridden this swift 4-year-old colt to 14 of his 19 victories and \$979,065 of his world-record \$1,100,365 earnings, holds fast to previous statement that Nashua has not yet proven "greatness."

Not Great Horse

Arcaro sat in the jockey room at Garden State Park yesterday after riding Nashua to victory in the \$30,000-added Camden Handicap and had this to say about the Nasrullah-Segula colt:

"This race didn't prove any-

thing, except that he's the world's leading money winner. Fisherman didn't run his best and the others weren't anything. He's a real good horse, but I wouldn't call him a great horse."

Twin City TV Seeks 4th Today

LEAGUE-leading Twin City TV will go after its fourth straight victory in the Monroe County Softball League today when they take on Tucker's Chevrolet at Stroudsburg Playground Field, starting at 6:30 p.m.

Tucker's owns a 1-3 win and loss record in the circuit.

Area Owners Of Kennels Cited At Fete

SCRANTON — Owners of two area kennels were the recipients of the top awards handed out by the Northeastern Cocker Spaniel Club here last week.

Honored at the annual banquet of the organization were Mr. and Mrs. Carl Manhart, of Mountainhome, owners of the Sugarbrook Kennels, and Mrs. Allen Hoffman, of Saylorsburg, owner of Hoffman's Kennels.

The Sugarbrook Kennel was cited with the highest award for producing such 1955 champions as Sugarbrook Supreme, Sugarbrook Sir John and Sugarbrook Premier. Hoffman's received second highest honors for the most Best of Varieties in 1955. The winner was Future Paymaster.

Other area residents who attended the fete were Mrs. Helen Robbins, Saylorsburg; Mrs. Emma Mervine, Mount Pocono and Mrs. Ella Johnson, Mountainhome.

Goshen Track 1956 Circuit July 2 To 6

GOSHEN — Headed by Scott Frost, 1955 Horse of the Year, Historic Track's 1956 Grand Circuit meet, scheduled for Monday, July 2, through Friday, July 6, features the who's who of harness racing.

Scott Frost, trained by Joe O'Brien, will make his initial start at Historic Park in the Titan Free-For-All Trot on Friday, July 6. Saboteur, Two-Year-Old Trotter of 1955, will go postward in the Historic Dickerson three-year-old trot on Wednesday, July 4.

Early Test
Won by Scott Frost a year ago, the Historic-Dickerson serves as an early test for three-year-olds eligible for the Hambletonian.

Racing commences at Historic Track on Monday, July 1, with four stake events, open to two and three-year-old trotting and pacing fillies.

John Kobs, Michigan State baseball coach, switched Robin Roberts from a first baseman to a pitcher when the Phillies ace was a sophomore.

defending champion, having wrested the championship from Henry Williams Jr., of the Berkleigh Club, Kutztown, in a thrilling 36-hole playoff after the two had tied at the close of the regulation 36-holes.

FOR PEEPING WHILE CREEPING. This is the U. S. Army Signal Corps' brand-new portable-aerial television transmitter system, called the "Creepie-Peepie". Lightweight (only 47 pounds) it makes it possible for one man to conduct reconnaissance of a full area either on ground or by parachute from air. Demonstration of new equipment at Signal Depot Sunday consisted of transmission of pictures by "Creepie-Peepie" from low-flying plane which covered Pocono Mountains area, let public watch in sets at Depot. Man with set here is Spec 3 Ed Reingold, Fort Monmouth, N. J. (Staff Photo by MacLeod)

Flames Destroy Barn Located On Farm In Greentown Area

GREENTOWN—A barn on the farm of Albert C. Heberling was destroyed by fire of undetermined origin at 9 a.m. yesterday. Total damage was estimated at some \$10,000.

Greene-Trener firemen responded but were unable to save the building which was engulfed by flames upon their arrival. However, the volunteers were able to keep the fire from spreading to other nearby buildings.

Fisherman Succumbs To Heart Attack

A 66-YEAR-OLD Phillipsburg man died of a heart attack Friday while fishing in Dunnfield Brook, just north of the Delaware Water Gap.

Amiel Nittel was fishing with his son, Richard Nittel, 39, also of Phillipsburg, when he was stricken, New Jersey State Police said. The victim was pulled from the water by two other anglers, Douglas Repsher and Floyd Clazzo, both of Bangor, RD 1, police said. Dr. Eugene Rushin of Portland was called to the scene.

Cause

Later, the cause of death was attributed to a heart attack by Dr. N. C. Marlett, of Belvidere, Warren County physician.

A former employee of the Ingersoll-Rand Co. in Phillipsburg, Mr. Nittel retired about a year ago after 44 years with the company. His survivors include a brother, Jacob, of East Stroudsburg.

Funeral services will be held at 2 p.m. tomorrow at the Hagerty funeral home in Phillipsburg.

If the United States still had the 1900 tuberculosis death rate, about 800,000 more Americans would die of the disease every year than do actually die of it.

71-Year-Old Woman Dies At Portland

PORTLAND—Mrs. Frances Van Syckle Newbaker, 71, died at her home on Delaware Ave., Portland, at 11:35 p.m. Saturday.

In failing health the past year she had been seriously ill, the past two months.

Born in Hainesburg, N.J., she was the daughter of the late Charles and Martha Van Kirk Van Syckle. She had lived in her Portland home the past 38 years; previously in Columbia, N.J. Mrs. Newbaker held membership in Ethel Chapter 172, Order of Eastern Star in Bangor; Star of the East Shrine 12 in Belvidere, N.J.; Portland Methodist Church and the WSCS of that church.

Leaves Family

Surviving are her husband, Charles J. Newbaker, at home; two sons, Lloyd J. of Portland and Charles Jr. of Bangor; two daughters, Hilda and Daisy, at home; two grandsons and one great-granddaughter.

Funeral services will be held Wednesday at 2:30 p.m. in the late residence on Delaware Ave. with the Rev. James Pain officiating. Interment will be made in Riverview Cemetery, Portland. Friends may call at the late home Tuesday from 7 to 9 p.m. Lanterman funeral home is in charge of arrangements.

Chester To Graduate

MILTON B. Chester will receive a Bachelor of Arts degree Monday, May 28 at 10 a.m. from McMurry College, Abilene, Texas.

The commencement exercises will be held in Radford Memorial Student Life Center auditorium at Abilene. Baccalaureate services will be held the night before.

High School

Chester was graduated from Stroudsburg High School in the class of 1950. He spent 28 months in the U. S. Air Force at Holoman Air Force Base at Alamogordo, N. M. He has been at McMurry since 1953, completing the full four-year course in only three years.

His parents, Mr. and Mrs. Howard Chester, of 726 Main St., Stroudsburg, will leave this morning for Abilene where they will attend the graduation ceremony.

Charges Placed Against Driver

RECKLESS DRIVING charges have been placed against Simon M. Williams, 20, of East Stroudsburg, RD 2, who was involved in a two-car accident in Marshalls Creek late Saturday night.

Stroudsburg State Police said Williams' auto came out of Route 402 on to Route 209 and crashed into the side of another car, operated by William Maxwell, 25, a student at East Stroudsburg State Teachers College.

No Injuries

Troopers said there were no injuries. However, damage was estimated at \$250.

New '56 Blue Sunoco Used by more Auto Engineers than all other premiums combined!

Once again the engineers who design and build
America's cars choose Blue Sunoco as their
favorite over all other gasolines

We recently invited a large group of automotive engineers to try New 1956 Blue Sunoco, boosted in octane, in their own cars and give us their reactions. The results of this survey compiled by an independent firm of certified public accountants make Blue Sunoco the favorite. Of the 1,166 engineers who reported, 43% told us they were already users of our gasoline—a far greater number than reported using all other premium gasolines combined!

Follow the lead of automotive engineers. Make your own 10-gallon test today.

COMPARISON CHART

This is what automotive engineers reported after comparing New '56 Blue Sunoco with premium-priced gasolines in their own cars

93%

say Blue Sunoco matches or exceeds premium-priced brands for overall performance

91%

say Blue Sunoco matches or exceeds premium-priced brands for power and pick-up

85%

say Blue Sunoco matches or exceeds premium-priced brands for anti-knock performance

86%

say Blue Sunoco matches or exceeds premium-priced brands for miles per gallon

America's Greatest Gasoline Value!

The only gasoline that meets new higher premium
octane standards and sells at regular gas price!

Premium in every
way and it still
sells at regular
gas price!
